

## Look forward to retirement!

# 403b Provider Summary

## Products Available January 2010

### PROGRAM BASICS

RIC is a pretax savings program for employees of public education-related employers. Automatic salary reductions (in the amount you designate) are taken from your paycheck and sent to the RIC 403b provider of your choice. Your deductions are then deposited into your selection of one or many diversified investments with that provider. Investment earnings are tax-deferred. Once you meet a "qualifying event", RIC gives you the flexibility to stay invested in RIC products, roll your assets out of RIC, or take taxable payments from your RIC accounts as you need them.

### PROVIDERS PUT THE PIECES TOGETHER FOR YOU

RIC providers give you access to investment experts, trained to help you establish a retirement plan designed to meet your risk tolerance, time frame for investment, and need for income at retirement. Provider representatives have the knowledge and experience you need to evaluate fund options and make informed investment decisions. You may review your investments and/or make changes to your investment selection online or with an advisor at anytime. Stay on target by staying informed!

**800-424-2825 x47627**

[www.valic.com/iowa](http://www.valic.com/iowa)  
*Personalized service through on-site financial advisors*

### THE "BEST" PROVIDER

All providers meet plan requirements for investment offerings, tax reporting, and access to education and retirement planning tools. You may want to **ask your co-workers** who participate which providers give your location good service. Or **call the provider** directly at the numbers listed above to ask questions-

- ◆ How do I enroll?
- ◆ Who explains the investments?
- ◆ Will someone help me complete the required paperwork?
- ◆ Why should I choose your firm?

None of the providers have annual contract fees or penalties for transfers.

### THE "BEST" INVESTMENT

There is no "best" investment option for everyone. **Each provider** offers a diversified line-up of funds ranging from conservative fixed rate options and money markets to higher risk variable rate funds (both managed and indexed). Alternative investment options such as target-date, global bond, treasury bond, total US stock market, emerging markets, & real estate funds, as well as a self-directed brokerage option, provide the investment variety necessary to meet any investors' style. All funds are reviewed annually.

### EASY ENROLLMENT

- Enrollment forms (including salary reduction form) are supplied by the providers
- ◆ Call a provider to request a meeting or enrollment kit
  - ◆ Review investment options (the provider will help you)
  - ◆ Decide how much to save (the provider will help you)
  - ◆ Complete provider 403b account applications & a salary reduction form
  - ◆ Your provider will tell you how to process all paperwork

*There are no restrictions or fees for transfer between RIC active providers*

### WEBSITE EXTRAS

The RIC website includes additional program information regarding tax benefits, investment performance, fixed rates, provider websites & agent listings, distribution options, online education opportunities, forms, plan documents, a glossary & much more. Contact RIC at 800-460-4692 if you have questions. Our goal is to see you take advantage of this great employee benefit and have more reasons to **Look Forward to Retirement!**
